Honouring the Edox heritage of classic models designed for paratroopers and the in the 1960s and 1970s, SkyDiver Limited Edition combines the best of two worlds - the no-nonsense functionality of a dive watch and the style and aesthetics of a precision pilot's watch.

The beautiful case, striking indices, oversized crown and domed scratch-resistant sapphire crystal faithfully reflect a SkyDiver watch designed by Edox in the 1960s. The dial reflects the precision instruments that once accompanied adventurers conquering land, sea or air - the Fly, Drive and Dive challenges that suit Edox watches to a tee.

You also get a choice of two straps, easily swapped via the cleverly designed but simple to operate quick-release spring bars on the watch lugs.
