# CO-1 CHRONOGRAPH

CASE NUMBER : 10242

## TECHNICAL FEATURES

Ø45MM

-  CALIBER 102 (RONDA 5030.D)
-  TITANIUM CASE
-  CHRONOGRAPH
-  CERAMIC BEZEL
-  SAPPHIRE CRYSTAL
-  WATER RESISTANCE 1000M / 100 ATM
-  SUPERLUMINOVA ON HANDS AND INDICES
-  SCREW-DOWN CROWN
-  HELIUM VALVE
-  15.6MM CASE HEIGHT
-  150G

RECOMMENDED RETAIL PRICE : € 1'890  
AVAILABILITY : JANUARY 2023

10242 TITANIUM

For decades, from its legendary Delfin in 1961 to the Hydro-Sub and now CO-1, boutique Swiss watchmaker Edox has been constantly raising the bar for water-resistant watches. The primary Edox CO-1 timepiece was engineered in 2006 for offshore powerboat racing, a bold fusion of water-resistance, sturdiness and beauty.

Tough and durable, the new CO-1 Titanium Chronograph is probably the world's best swiss made chronograph up to € 2'000 and here are the reasons why :

Forged from tough but lightweight titanium, the CO-1 is rated to withstand water pressure down to a crushing 1000m. Absolute accuracy while underwater is assured thanks to the special double o-ring patented Edox gasket for the crown and pushers. A 4mm-thick scratch-resistant sapphire crystal protects a dial packed with functionality, including chronograph sub-dials and date window. A ceramic, scratch-resistant unidirectional bezel allows divers to mark off their dive times. To ensure readability at such depth, the hands and indexes are covered with a high standard of night visibility in the watchmaking industry – Super-LumiNova X1. Before being released, every CO-1 is subject to Edox's meticulous quality controls in real water.

The ultimate timekeeping companion, CO-1 is a beautiful example of Edox's commitment to the Swiss watchmaking craft, from hand-assembling to technical innovation and clean, functional design. Whether you are deep under the ocean or in a business meeting, the new CO-1 Titanium Chronograph is the perfect timekeeping tool.

# EDOX - CO-1 TITANIUM CHRONOGRAPH

## EDOX - CO-1

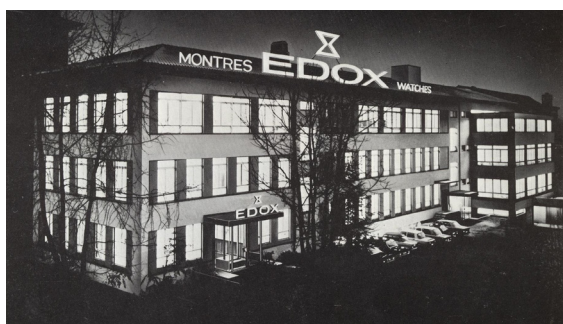

The Edox CO-1 is the ultimate in dive watch engineering performance and design, also a master of the fantastic world beneath the waves. Water resistant up to 1000m / 100 ATM, protected by a scratch-resistant sapphire crystal and a ceramic bezel, the CO-1 is the perfect timekeeping tool for exploring the oceans.

## EDOX

Like time itself, Swiss boutique watchmaker Edox never stands still. Founder Christian Ruefli-Flury was driven by his heart when, in 1884, he made a pocket watch for his beloved wife Pauline's 25th birthday. Delighted, she convinced him to set up his own company – Edox. Over the decades Edox has forged a reputation as “The Water Champion” of the watch world, creating world-leading divers' watches. Ruefli-Flury would no doubt be amazed and honoured how his legacy has flourished over the past 135 years.

One of the few remaining family owned Swiss watchmakers, Edox proudly acknowledges its heritage but also embraces innovation and imagination in its collections. Today, Edox is known for its highly water-resistant timepieces, complex hand-polished watch cases and traditional hand assembling.

Edox. A company shaped over time. A company shaping time.
