# CO-1 DATE AUTOMATIC

EQUIPPED WITH A BEZEL LOCK SYSTEM

CASE NUMBER : 80137

## TECHNICAL FEATURES

Ø42MM

-  CALIBER 80 (SW 200)
-  STAINLESS STEEL CASE
-  CERAMIC BEZEL
-  SAPPHIRE CRYSTAL
-  WATER RESISTANCE 300M / 30 ATM
-  SUPER-LUMINOVA ON HANDS AND INDICES
-  HELIUM VALVE
-  SCREW-DOWN CROWN
-  14MM CASE HEIGHT
-  140G

AVAILABILITY: JANUARY 2026

RECOMMENDED RETAIL PRICE : € 1'750

80137 37GNR CANR

## EDOX CO-1 BEZEL LOCK AUTOMATIC: LOCKED UNDER PRESSURE

For decades, from the iconic Delfin of 1961 to the Hydro-Sub and the CO-1, family-owned Swiss watchmaker Edox has consistently pushed the boundaries of water-resistant watchmaking. Originally developed in 2006 for the demanding world of offshore powerboat racing, the CO-1 quickly established itself as a benchmark in robustness and reliability. Today, Edox expands this iconic line with the CO-1 Bezel Lock Automatic – a pure, purpose-built diver engineered to perform under extreme pressure.

### SECURED AT ALL TIMES

At the heart of the CO-1 Bezel Lock lies its defining feature: the bezel lock system. Designed to prevent any accidental movement of the diving bezel, it ensures absolute security when timing critical underwater phases. Combined with a scratch-resistant ceramic bezel and sapphire crystal, the system reinforces both functional reliability and long-term durability.

### MECHANICAL PRECISION

Powered by a Swiss automatic movement, the CO-1 Bezel Lock Automatic focuses on essential performance. Housed in a robust 42mm stainless-steel case, the movement drives hours, minutes, seconds and date with unwavering precision. The solid case-back underscores the watch's tool-oriented character and its readiness for demanding conditions.

### ENGINEERED FOR THE DEPTHS

Water-resistant to an impressive 300 meters, the CO-1 Bezel Lock Automatic is built to endure the most extreme environments. A screw-down crown, helium escape valve, and generous application of Super-LumiNova ensure reliability, safety, and legibility even in the darkest conditions. Every detail serves a clear purpose: to withstand pressure, control time, and remain dependable when it matters most.

## EDOX - CO-1 COLLECTION

The Edox CO-1 is the ultimate in dive watch engineering performance and design, also a master of the fantastic world beneath the waves. Water resistant up to 1000m / 100 ATM, protected by a scratch-resistant sapphire crystal and a ceramic bezel, the CO-1 is the perfect timekeeping tool for exploring the oceans.

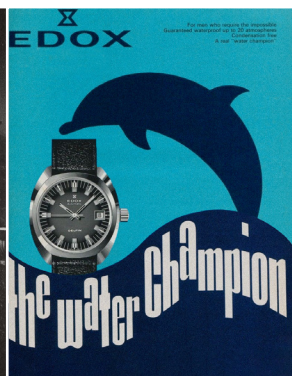

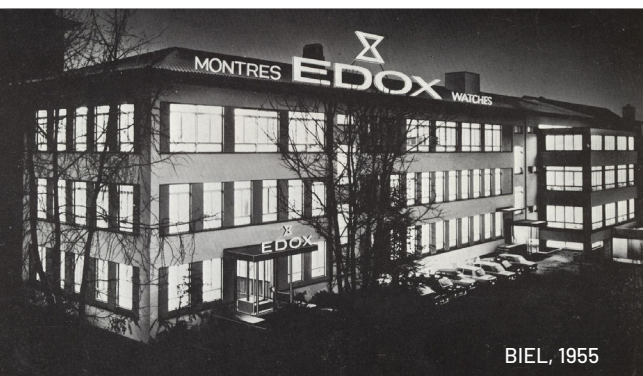

## ABOUT EDOX

Like time itself, Swiss boutique watchmaker Edox never stands still. Founder Christian Ruefli-Flury was driven by his heart when, in 1884, he made a pocket watch for his beloved wife Pauline's 25th birthday. Delighted, she convinced him to set up his own company – Edox.

Over the decades Edox has forged a reputation as “The Water Champion” of the watch world, creating world-leading divers' watches. Ruefli-Flury would no doubt be amazed and honoured how his legacy has flourished over the past 140 years.

One of the few remaining family owned Swiss watchmakers, Edox proudly acknowledges its heritage but also embraces innovation and imagination in its collections. Today, Edox is known for its highly water-resistant timepieces, complex hand-polished watch cases and traditional hand assembling.

Edox. A company shaped over time. A company shaping time.
